In a determined effort to fortify Nepal's standing as a highly promising investment destination, the Government of Nepal (GoN) is organizing the Third **Nepal Investment Summit (NIS) 2024**, scheduled for April 28-29, 2024, in Kathmandu. This Summit will convene distinguished national and international speakers, dignitaries, sector-specific experts, and, notably, high-level representatives from the government, private sector, and development partners. The GoN is collaborating closely with development partners, DFIs, and the private sector to organize the Summit.

In alignment with Nepal's periodic plan and the government's policies and programmes, the GoN has attached high priority to the private sector investment, including foreign direct investment (FDI). Relevant laws have been amended/ enacted to foster an investment-friendly environment, accompanied by streamlined procedures aimed at bolstering ease of doing business.
